ROOSEVELT RENEWS EFFORTS TO SOLVE AUTO LABOR FEUD

EASTMAN SPENDS DAY LISTENING TO SIDES OF RAILROAD CONTROVERSY

WASHINGTON, Mar. 22. (AP)—The administration let automobile labor union representatives know today that part of its plan for peace in the industry is appointment at once of a committee to pass upon several hundred charges of anti-union discrimination by manufacturers.

Showing this much of its hand just before the labor men took their position to President Roosevelt personally, Hugh S. Johnson met with thirty spokesmen of American Federation of Labor locals in Michigan, Wisconsin, Ohio and Missouri. They laid the discrimination charges against their employers before the NRA head.

It was indicated the question of an election to choose worker representatives for collective bargaining had not been touched upon, being left for the White House parley.

The union men did not receive from Johnson any outright settlement proposal. They informed him that although the men were anxious to avoid a strike, all were demanding some concrete word from Washington tonight. The union spokesmen said there were 250,000 men insisting that a decision be arrived at at once.

Johnson's plan for immediate action on the discrimination cases, many of them alleging discharges because of union activity and—according to the leaders—running into several hundred, followed indications that both sides were agreeable to establishment of a neutral committee to pass on the charges.

WASHINGTON, March 22.—(AP)—President Roosevelt renewed his efforts for industrial peace in the automobile industry today with both sides adamant.

It was learned at the White House that neither employers nor employes in the controversy had yielded.

The President will confer this afternoon with the labor representatives.

William Green, president of the American Federation of Labor, has given notice that unless a solution is reached, his organization will advocate that the automobile industry be licensed.

Despite the unbroken lines, there was an increasing feeling of hope in the capital that the controversy would be settled.

Talk of a truce was discounted at the White House, where it was said Mr. Roosevelt had not gotten down to a specific proposition pending a report from the labor representatives.

Carmody On Stand.

The senate labor committee received testimony, meantime, from John Carmody, a former vice president of a Rockefeller coal company, that company unions

VIOLENCE AGAIN BREAKS OUT TAXI WAR IN NEW YORK

THEATRE DISTRICT RIOT IS QUELLED BY POLICE RESERVES FINALLY

NEW YORK, March 22.—(AP)—A new outbreak of violence attended New York's taxicab strike today a few hours after Mayor LaGuardia appealed to the drivers not to jeopardize their licenses by disorders.

A group of about 150 strikers halted two taxicabs, beat both drivers and wrecked the machines.

The damaged cabs were left in the middle of the street, their doors and windows broken, while the two drivers were thrown to the sidewalks.

The strikers moved rapidly away from the scene, split into several groups and continued their strong-arm tactics.

They halted another cab and smashed its windshield and windows with steel bars, the driver's face was cut with fragments of glass.

Another vehicle was stopped, the windows broken and the driver hauled from his seat and beaten.

NEW YORK, March 22.—(AP)—Violence flared anew in New York's taxi strike early today after another clash between the strikers and police in the theatre district.

Fifteen persons were injured, and fourteen arrested as the result of disorders in various parts of the city.

The demonstration in the theatre district, centering in Times Square, was broken up by police reserves who were called when regular patrolmen were swamped. Strikers and sympathizers estimated at 5,000 surged down Broadway just as the theatres were emptying. They pulled doors from cabs, yanked out taxi radio sets, hurled missiles through cab windows and unceremoniously ordered passengers out of cabs.

When the police reserves finally routed the strikers the streets were strewn with broken glass and radio parts and close to two score taxicabs were abandoned.

BANK AT MUENSTER IS BURGLARIZED OF $4,208 LAST NIGHT

EFFORT TO LOOT PARADISE BANK DURING NIGHT IS REPORTED FAILURE

GAINESVILLE, March 22.—(AP)—Burglars obtained $4,028 in currency and silver from the Muenster State Bank at Muenster, 15 miles west of Gainesville, during the night, burning their way into the inner vault.

Joe M. Weinzapfel, cashier, discovered the loss when he went to open the bank for business.

The burglars burned a large hole in the main door of the vault, burned a lock off a second door, knocked a knob off the safe inside the vault and burned through the time lock combination.

The currency taken was in bundles and the silver was in two small, locked boxes. The boxes, with locks broken, were found in the rear of the building.

Joe B. Pettit, fingerprint expert of the sheriff's department, said the burglars wore gloves and expressed the opinion they were experienced.

The vault was flooded with water and employes were put to work bailing it out.

A Muenster citizens, returning from Dallas shortly after midnight, said he saw lights in the bank building.

DECATUR, March 22.—(AP)—Burglars tried unsuccessfully to loot the Peoples State Bank at Paradise, Wise county, early today.

Tom Faith, sheriff, reported the men broke through the front door of the bank and burned 16 holes in the vault but were unable to enter the safe. Heavy roofing paper was draped over the cages to hide the light under which the

ARMY PILOTS FOR AIRMAIL FORCED TO LIVE ON CREDIT

BRING TO LIGHT HERETOFORE UNNOTED FEATURE OF NEW AIRMAIL CHANGES

WASHINGTON, March 22.—(AP)—Air corps officials said today officers and men carrying the airmail were drawing their regular pay but receiving cutailed allowances.

Full allowance of $5 a day are to be given them as soon as the bill permitting the postoffice department to compensate the war department for carrying the mails pass.

Some of the pay checks, officials said, may have been delayed for several days because of the transfer of the officers or men from their regular station to detached duty. That delay, however, was only a matter of a few days, until mail could be forwarded to them.

In addition, officials explained the war department arranged for all officers and men also, it was said, can draw against their pay during the month whenever urgently required.

CHICAGO, March 22.—(AP)—The Chicago Tribune taid today that members of the army air mail corps have gone without pay since they took over the air mail assignment Feb. 20.

The newspaper said not only have they failed to receive the funds which army regulations allot for maintenance of officers and men when they are ordered away from their regular stations, but they have not received their regular army pay.

Enlisted men in the Chicago area, the article continued, have obtained credit at two local hotels and have had to borrow money or their meals and tobacco.

Normally, the pay of some of the enlisted men is as low as $21 a month.

FLAMES DESTROYED BEAUTIFUL JAPANESE CITY OF HAKODATE

MANY DEAD, INJURED AND HOMELESS IN DIREST TRAGEDY IN MANY MONTHS

By GLENN BABB
(Associated Press Foreign Staff.)

TOKYO, March 22.—(AP)—The governor of the prefecture of Hokkaido announced officially today that the casualties in the fire which destroyed the beautiful port city of Hakodate yesterday were:

Killed, 650;
Injured, 460;
Houses destroyed, 23,000.

It was Japan's direst tragedy since the Tokyo-Yokohama earthquake and holocaust of 1923.

Witnesses described the city—which held 213,000 citizens as "a living hell." Firemen, police and soldiers moved through the still smoking buildings searching for corpses.

Meager details which seeped through to the capital over partially wrecked comumnication systems told how during the day and night before, whole crowds trapped between fires jumped en masse into the water.

Many of these persons, already injured and burned, drowned at the dockyards.

The fire meant freedom—perhops—for many convicts for they were turned out of the jails into the streets when flames bore down upon the prisons. Authorities feared that their presence abroad would increase the chances for crime.

TOKYO, March 22.—(AP)—Fire which took at least 1,000 lives and left 150,000 persons homeless turned the beautiful port city of Hakodate into what witnesses de-

THREE MEMBERS OF AIRLINER'S CREW DEAD AFTER CRASH

PAN - AMERICAN AIRWAYS PLANE CRASHED AT LIMA, PERU, TAKEOFF TODAY

LIMA, Peru, March 22.—(AP)—Three persons were killed today when a Pan-American Grace Airways plane crashed at the takeoff. On board the plane and injured in the crash, was Manuel Trucco, Chilean ambassador to the United States.

Twelve persons were aboard the plane which was heading south toward Chile. Among those injured was a daughter of Ambassador Trucco.

All three members of the air liners crew were killed. They were:

HOMER V. FARRIS, pilot;
LAWRENCE WAGNER, radio operator;
FRANK LARGE, secretary to Vice-Presilent Harris.

The injured were:

Ambassador Trucco, hip and pelvis bones fractured;
Senorita Grace Trucco, his daughter, shoulder broken;
Senorita Carmea Bustamente;
John McGregor, vice president of Pan-American Grace airline, a part of Pan-American Airways.

It was believed that one of the motors failed at about 65 feet of altitude.

The liner was the "San Perdo." It took off, five minutes late on its south-bound schedule, at 6:35 a. m., after its motors had been duly tested.

It left the field normally but watchers heard the motor fail and saw the pilot attempt to turn the plane back for an emergency landing. It crashed as he failed.

With McGregor, who suffered only minor bruises, was another vice president of Pan-American Grace, Capt. Harold Harris, who was uninjured.

At the Delgado hospital in the nearby resort of Mirafores it was said all injured persons were doing well .

Municipal Gas Company Files Application For New Schedule of Rates

Application for a new sliding scale of rates for natural gas and natural gas service for the Municipal Gas Company in the City of Corsicana with a maximum rate of $1.75 per thousand cubic feet and a minimum of 45 cents per thousand cubic feet has been filed by gas company officials in the office of the City Secretary and will be formally presented to the city commission at its next meeting on April 3 for consideration.

A formal ordinance embodying the proposed changes was also filed along with the application, which was presented to Mayor J. W. Edens about thirty minutes after the last March meeting of the commission adjourned last Tuesday afternoon by Louie W. Cole, secretary and assistant treasurer of the Municipal Gas Company of Dallas, and H. J. Robbins, Corsicana manager.

New Rate Schedule.

Under the proposed schedule the fifty cents per month readiness to serve charge will be eliminated, and the minimum monthly bill will be $1.75 per consumer. The rate for the first thousand cubic feet of gas used will be $1.75, for the second $1.50, and $.75 per thousand for the next 3,000 cubic feet; for the next 20,000 cubic feet the rate would be 50 cents; and all over 25,000 cubic feet would be at the rate of 45 cents per thousand cubic feet. All of these rates are net figures.

In addition the application states that the company proposes to charge a $2. fee for reconnection of a meter or resuming service to any consumer requesting reconnection or resumption of service at the same address or location within a period of one year after the service was discontinued.

Gas Company Ordinance.

The ordinance advanced by the Municipal Gas Company for passage by the Corsicana city commission contains a final paragraph which would have the governing body of the city declare after the passage of the measure that it was the sense of that body that because of the advantages of the adjusted rates to both consumer and company after the first 5,000 cubic feet when the rate becomes 50 cents, especially to the consumers during the winter months, and it appearing that if these rates are not adopted then others much higher might be finally put in force to the disadvantage of the consumer, that it is recommended that the schedule be placed in effect immediately after final passage.

Report Heavy Loss.

The application filed by the gas company officials sets out that the Municipal Gas Company has been operating at a heavy loss and cannot continue under the present rates to maintain service and also payment of interest on bonded indebtedness, and is also facing increased operating costs because of the national recovery code and also through increased taxes. It is declared that even under the new schedule the full return allowed by law will not be made on their investment and the value of their business.

At present the Municipal Gas Company is operating in Corsicana under the provisions of an ordinance passed on June 16, 1920, which provides for a minimum bill of $1, and makes the net rate per thousand cubic feet at not more than $1 nor less than $.75, exclusive of penalties, and provides for a fifty cents per consumer per month readiness-to-serve charge. The minimum monthly bill at the present time when all discounts are taken is $1.18 per month, being composed of the minimum charge of 75 cents for 1,000 cubic feet of gas plus the readiness to serve charge, and the ten per cent discount on the gas charge.

City Ordered Reduction.

After being agitated for several weeks, the Corsicana city commission finally passed on November 3, 1931, an ordinance reducing the gas rates to domestic consumers in Corsicana by a unanimous vote. Under this schedule the rates were set at a flat fifty cents per thousand cubic feet for each user, the readiness to serve charge was eliminated, the monthly minimum bill set at $1, and all conflicting ordinances repealed. It was scheduled to have gone into effect on November 6, 1931, but the Municipal Gas Company appeared before the Texas Railroad Commission and secured temporary relief from the measure pending a public hearing, and posted a bond to cover possibic overcharges to customers.

Survey Under way.

No further action was taken on the matter for several months until the fall of 1933 when the employment of a firm of engineers and auditors was approved, and preparations made for the active prosecution of the enforcement of the new rates and for a hearing to be held before the railroad commission. An audit of the company's books, and a survey of all their physical properties has been under way for several months, and at the first March meeting of the commission it was reported that the work would be completed in time to present the case before the Railroad Commission in April.

City officials refused to comment on the newest developments Thursday, stating that they would wait until the matter was formally presented at the next commission meeting on April 3.

Text of Application.

The text of the application follows:

COUNTY OF NAVARRO.

PAN-AMERICAN-GRACE AIRLINER LOST MANY MONTHS IS LOCATED

BODIES OF NINE PERSONS IN PLANS REPORTED PRESERVED DUE TO COLD

MENDOZA, Argentina, March 22.—(AP)—One of the greatest mysteries of the air was solved today when searchers found the wreck of the Pan-American-Grace Airways liner "San Jose," lost twenty months ago in a flight over the Andes.

They found the bodies of the nine occupants of the plane, two of them United States citizens, preserved under a heavy blanket of snow.

Seven of the bodies were said to be in good condition, but the other two were headless.

The plane was found crumpled in the Argentine mountains, four miles south of Puente Del Inca.

Its disappearance cased a dogged, widespread search.

For days after it was lost on a flight between Santiago, Chile, and Buenos Aires other planes cruised back and forth over the regular route, in constant radio communication with Mendoza and Santiago.

Other expeditions were sent out on foot, through snow-covered mountain passes, in an effort to determine the fate of the fliers.

The ship carried six passengers and three crew members.

The passengers were:

F. E. CAMUS, division traffic manager of the airline;
J. C. SABATE;
O. S. PEZET;
E. E. RAFFO;
PINKUS ROTSZYLD;
F. L. AMERICA;

The crew were:

CHARLES J. ROBINSON, pilot;
C. W. MYERS, radio operator;
A. WOODS, steward.

The San José left Santiago at 6:40 a. m., July 16, 1932. Its radio was last heard at 7:40 a. m., but an hour later, the plane was seen flying over the Argentine Andes near Las Cuevas, Argentina.

Not only was the flight in the middle of the Chilean-Argentine winter, but the climate at the top of the Andes is always bitter cold.

Despite the fact that a terrific

Crew of Twelve Killed In Blast Gasoline Tanker

ROUEN, France, March 22.—(AP)—The entire crew of 12 men of the gasoline tanker La Girafe was killed today by a violent explosion and fire at the dock of the port Joreme Oil Refinery.

The ship was used to transport oil and gasoline between Rouen and the big refineries operated by the Port Jerome Refinery, a subsidiary of Sandard Oil.

'ALLEGED WOMAN LOVE THIEF IS STAR BOARDER IN COOK COUNTY JAIL ON THURSDAY

CHICAGO, March 22.—(AP)—Mrs. Myrtle Tanner Blacklidge was a star boarder at the county jail today, with her bill paid a week in advance.

She was the "guest" of Mrs. Suzanne Nottingham, a policeman's wife, who had her clapped into jail last night for failing to pay a $7,500 judgment. Mrs. Nottingham won the judgment in a suit in which she charged Mrs. Blacklidge with stealing the love of the policeman.

Mrs. Blacklidge, former collector of internal revenue, was arrested by four deputies while limping away from a south side apartment.

Deputy Sheriff Bert Meyering said that Mrs. Nottingham's husband Norman was with Mrs. Blacklidge when she was seized.

"Mrs. Blacklidge," he said, "seemed to have a sprained ankle and Nottingham was helping her along."

The jury which awarded the wife the judgment found that Mrs. Blacklidge "macilicously" stole Nottingham's affections, so now it is possible for Mrs. Nottingham to keep her rival in jail six months by paying her weekly board of $3.50—unless an appeal is filed. Mrs. Nottingham has paid $3.50 in advance.

An hour after she was locked up, Nottingham went back to work, driving a police patrol. He had previously indicated unwillingness to accept a list of ten commandments listed by his wife, who said she'd let the "whole matter drop" if Nottingham would agree.

She demanded, among other things, that the policeman "give up all women but me" and come straight home from work, bringing his paycheck with him.

Nottingham denounced the arrest as an "outrage." He then called up his wife on the telephone and said:

"I hope you're satisfied."

LITTLE INTEREST EVIDENCED BEER ELECTION SATURDAY

POLLS OPEN AT 8 A. M. CLOSE AT 7 P. M.—RETURNS AT SUN OFFICE

Little interest has been occasioned by the voters of Navarro county in the approaching election Saturday, May 24, when it will be determined whether the sale of 3.2 beer in Navarro county will be legalized.

Local officials and others stated Thursday that they had heard little discussion of the approaching balloting. Navarro county voted dry in the election held last August.

The polls in the forty-eight voting precincts in Navarro county will open Saturday morning at 8 o'clock and will close at 7 o'clock.

L. C. Morgan, county clerk, will make his headquarters at the Daily Sun office Saturday night and will receive the returns from the election judges.

Recent legislation enacted by the Texas legislature makes it mandatory that the election judges report to the county clerk the results on the night of the election, and then send in the official returns within three days. The commissioners court must meet and canvass and declare the results of elections within five days.

All election officials are urged to telephone the results of the

San Marcos Man Kills Wife And Commits Suicide

SAN MARCOS, March 22.—(AP)—A martial estrangement was blamed today for the double shooting in which Paul Johnson, 30, San Marcos barber, killed his wife and himself.

After conducting an inquest, Justice of the Peace A. M. Ramsey returned a verdict of murder and suicide. He was informed that Johnson shot his wife in the forehead with a pistol and then fired a bullet into his own temple

Mrs. Ortella Reyes, sister of the slain woman, said Mrs. Johnson left home a week ago after her husband beat her. Mrs. Reyes said Johnson came in suddenly while Mrs. Johnson was visiting her late yesterday and, without warning, started shooting.

Garner Announces He Will Vote For Senator Connally

WASHINGTON, March 22.—(AP)—Vice President Garner said today he would vote for Senator Connally (D-Tex) for renomination over his opponent, Representative Bailey (D-Tex.)

Bailey said yesterday after a white house visit that he offered to withdraw from the race if President Roosevelt desired that, but he added he was still a candidate.

Garner declined to say whether his support would be only as an individual.

"I merely make the statement I am going to vote for Connally I am not authorized to speak for the administration unless I'm asked to," he told reporters.

Repeated questions as to the significance of Garner's support brought only the answer:

"I personally am going to vote for Connally; that's all I have to say."

Cold Weather Prevails Over Eastern U. S.

(By The Associated Press.)

Temperatures were moving to lower ground as far south as Tennessee today with cold weather predicted for the far south tonight with Atlanta extremes of 40 to 54 tomorrow.

Snow had come to Missouri, Illinois, Indiana and Ohio since Wednesday morning. The thermometers at St. Louis, recorded freezing early today and last night it was 6 above at Bufaflo and 8 above at Minneapolis.

Throughout the south the weather generally was fair but some stations in Texas, Louisiana and Alabama reported overcast skies.

Up in Canada winter was staging a comeback, sweeping across four provinces with sub-zero gales and lashing the sea coast with storms.

There would be no let up in the Canadian cold wave until late tomorrow, the Toronto weather bureau reported.

NOTICE TO ELECTION JUDGES

All election judges are hereby requested to telephone the results of the beer election Saturday to the Corsicana Daily Sun (collect): Telephones 163 and 877, as soon as the polls have been closed and the votes are counted.

Under recent laws enacted, the election judges are required to telephone the results to the county clerk the night of the election and I have designated the Sun office as my headquarters Saturday night, March 24, for the securing of the returns.

All judges are urged to telephone or bring the results in as quickly as possible, as a complete count cannot be secured until all of the forty-eight boxes have been received.

County Clerk, Navarro County.

Two Dogs Attack And Kill Little Girl Wednesday

OAKHAM, Mass., March 23.—(AP)—Eunice Dean, 4 years old, is dead, the victim of a ferocious attack by two terriers.

The little girl died last night eight hours after the dogs attacked and mangled her. The dogs, caught and killed by constables, are to be examined at a laboratory to determine whether they had rabies.

Eunice, daughter of George Dean, traveling salesman, rode a little way with her father yesterday when he left in his automobile on a business trip.

Then she started to walk back home. A little later a passerby, George Grimes, saw the dogs, both Boston terriers, tugging and growling at the girl, who lay unconscious. He drove them away and summoned aid.

Physicians said the dogs had torn all her clothing away and lacerated her body from head to foot.

Her father was notified as he drove through Leominister, and police furnished him a motorcycle escort but he failed to reach his daughter's bedside before she died.

FRENCH DIPLOMATIC CIRCLES PREDICT ENTRY OF RUSSIA INTO LEAGUE OF NATIONS SEPTEMBER

By STUART MORONEY
Associated Press Foreign Staff.

PARIS, March 22.—(AP)—The entry of Soviet Russia into the League of Nations at the September assembly was predicted in diplomatic circles today.

Since Turkey joined the league July 6, 1932, the Moscow government is reported to have shown a strong tendency in favor of following suit.

Germany's abrupt break from the league last October 14, is regarded as having further contributed to an atmosphere favorable to Russia's admission.

Reports said Soviet government leaders have been sounding out member powers and have received assurance that Russia would be welcomed to the league.

First she would have to obtain official recognition from some league members with whom she now has diplomatic relations—such as Holland, Denmark and Finland.

Confidence was expressed that all barriers could be quickly cleared away since a desire to bring Russia into the fold has long been manifested at Geneva.

It was suggested that the possible entrance of Russia might result in bringing back her neighbors, Germany and Japan.

MOSCOW, March 22.—(AP)—In response to Paris reports that Soviet Russia is about re[illegible] to join the League of Na[illegible] it was said officially t[illegible]t there have been no d[illegible]s here since Foreign [illegible]ssar Maxim Litvinoff's speech last December indicating Moscow might consider cooperating with the league if she found that by so doing she could further the cause of world peace.

TELESCOPE GAZERS WEARY OF VIGILS WATCHING INSULL

LATEST THEORY FORMER CHICAGOAN TRANSFERRED TO SEAPLANE

By JOHN LLOYD
Associated Press Foreign Staff.

PORT SAID, Egypt, March 22—(AP)—Port Said's legion of telescope-gazers, weary from long vigils, today were on the verge of abandoning their watch for the elusive Samuel Insull.

Excitement gripped the watchers for a time after a report spread that the fugitive Chicagoan's ship, the Maiotis, was approaching this gateway to the Suez Canal.

What at first was believed to be the little freighter on which he is seeking some new place of asylum against extradition to the United States proved to be another vessel when it drew near enough for positive identification.

As a result, after two more or less sleepless nights of watching, many of those—including port authorities—who believed Insull was heading for Port Said, were about ready to conclude he had changed his course.

The most general view held was that the Maiotis had turned westward and likely would appear in some western Mediterranean port.

As usual, however, since Insull set out in the expensively chartered craft early last Sunday,

FORMER STUDENT OF ODD FELLOWS HOME HONORED BY ORDER

MINERAL WELLS, March 22.—(AP)—The Odd Fellows and Rebekahs of Texas closed a joint state convention Wednesday with the former winding up their legislative work and the latter installing officers.

S. M. Williams of Dallas was elected secretary of the Texas Odd Fellows to succeed E. Q. Vestal recently removed.

Mr. Williams was reared an orphan at the Odd Fellows' Home, Corsicana. He attended business school in Dallas after he left the orphanage and graduated from A. and M. College in 1917. He served in the army during the war.

Austin was selected for the 1935 convention last night.

Mrs. Mattie Hawkins of Houston was chosen president of the Rebekahs, succeeding Mrs. Elizabeth Bunch of Fort Worth; Mrs. Emma Fountain of Orange was named vice-president, Mrs. Pauline Barker of Houston conductor, Mrs. Josephine Freeharty of San Antonio chaplain, Mrs. Barchers of Houston guardian, Mrs. Olidia McGuire of West Columbus outside guardian, Mrs. Dee Harris of Boston musician, Mrs. Thompson of Corpus Christi warden, Mrs. Mattie Knauff of San Antonio secretary, Mrs. Bertie Porter of Handley treasurer, Mrs. Mamie Dale of Iowa Park, new member of the advisory board and Mrs. Lela Tee of Fort Worth, marshall.

Zion's Rest School Classified as High School by Trustees

At a recent meeting the Zion's Rest school board classified the school for next year as a high school doing eight grades of work. All pupils in the district above the eighth grade will be transferred to the city schools as has been the custom for the past several years.

This policy is in keeping with the plan outlined by the state department, an official of the school pointed out, and an opportunity for transferring to the city schools is now offered to all high school pupils.

Why the Sudden Change to Liquid Laxatives?

Doctors have always recognized the value of the laxative whose dose can be measured, and whose action can be thus regulated to suit individual need.

The public, too, is fast returning to the use of liquid laxatives. People have learned that a properly prepared liquid laxative brings a perfect movement without any discomfort at the time, or after.

The dose of a liquid laxative can be varied to suit the needs of the individual. The action can thus be regulated. It forms no habit; you need not take a "double dose" a day or two later. Nor will a mild liquid laxative irritate the kidneys.

The wrong cathartic may often do more harm than good.

Dr. Caldwell's Syrup Pepsin is a prescription, and is perfectly *safe*. Its laxative action is based on senna —a *natural* laxative. The bowels will not become dependent on this form of help. Dr. Caldwell's Syrup Pepsin is at all druggists. Member N.R.A.

FIERY JIM REED HAS ENTERED POLITICAL RING AGAIN TO AID KANSAS CITY DEMOCRATIC BODY

KANSAS CITY, March 22.—(AP)—Missouri's fiery "Jim" Reed is fighting again.

The snow-haired former United States senator has chosen as his battleground a scene where he started his fighting career 40-odd years ago.

Today he is unloosening the withering fire of his oratory—oratory that has stung many occupying seats of power—on foes of the Kansas City democratic organization.

Those foes, the citizen-fusionists, are battling the T. J. Pendergast democratic organization with what they call a "reform" ticket. Voters will choose Tuesday which is to rule the City Hall for the next four years.

Oddly enough, it was in such a campaign as is being waged now that Reed first rose to state-wide and later national prominence. In 1900, he led a "reform" ticket as candidate for mayor—and won. Now he is fighting the "reform" candidate for mayor, Dr. A. Ross Hill, former president of the University of Missouri.

The opposition ticket is no "reform" ticket at all, asserts Reed. Instead, it is a "foil" upon which republicans hope to ride to power, he is warning voters.

Reed vigorously defends Pendergast, whom fusionists call a "Boss." If he is a boss the people should thank him for the present democratic city administration's achievements, Reed says.

Reed's participation in the campaign has aroused political speculation. There has been talk of his running for the senate this year.

MISTRIAL ENTERED IN OLEN TYLER CASE AS DEFENDANT ILL

GROESBECK, March 21.—(Spl.)—A mistrial was entered Tuesday in the trial of Olen Tyler, charged by indictment with the murder of Dudley William, Dallas taxi-driver in Freestone county in 1933, in the Eighty-seventh district court of Limestone county by Judge Lex Smith after the defendant became ill when three jurors had been seated.

Considerable heated argument resulted in court before Judge Smith agreed to continue the case to the next term of court. Two "witnesses" which it was intimated did not exist were cited for contempt of court and the attorneys were warned that the witnesses had better be present or the attorneys would be held to answer. Judge Smith indicated that he was in no mood to grant further delays in the cases.

Tyler was indicted simultaneously with Carl and Clarence Chance, and Lonnie Sikes for the death of Williams. Clarence Chance is now serving a 35 year term in the state penitentiary; Carl's trial resulted in a hung jury, and Sikes' trial has not been called.

GOOD PROGRESS IS BEING SHOWN UPON COURT HOUSE WORK

Good progress is being made on the excavations, etc., at the eastern foundations of the Navarro county courthouse under the direction of J. E. Metcalf, general superintendent. The general superintendent of the work said Thursday that he had been promised twenty additional men for Friday morning, bringing the total of workers to 82, giving two crews of 41 men each.

This work is being done with CWA labor while the commissioners court is furnishing the materials. Much material for concrete foundations and footings is already on the grounds.

Metcalf said that he hoped to finish shoring on the eastern side of the building and start pouring the concrete footings by the middle of next week.

Excavations twelve feet deep, seven feet below the old foundations, have struck a firm clay formation and those in charge of this project are of the opinion that the building will be fixed permanently and the tendency to settle and buckle will be relieved by the present work under way.

Purdon Citizens Honor Basketball Teams Tonight

White's Chapel Home Demonstration Club Met on March 14th

The White's Chapel Home Demonstration Club met Wednesday, March 14, with Mrs. J. A. Worthy with thirty-six members present.

The meeting was called to order by the president, and opening song was led by Miss McNabb. The roll was then called and the minutes of the last meeting were read. Outstanding committees reported and were dismissed.

Our Counsel delegate, Mrs. Dobbins, gave an interesting report on the last council.

Mrs. Garrett then discussed pit-type toilets. Mrs. Jack Megarity was appointed parliamentarian for the club.

The meeting was then turned over to Miss McNabb at which time she checked the foundation patterns. When she had completed the demonstration a motion was made to adjourn to meet with Mrs. R. B. Waters March 28.

Mrs. Worthy and Mrs. Rainey then served a refreshment plate consisting of pimento and tuna fish sandwiches, angel food squares and iced tea. —REPORTER.

TRACK AND FIELD TEAMS TO COMPETE DALLAS THURSDAY

Coaches Jimmie F. Gardner and L. C. Seay accompanied by fourteen members of the high school track and field team went to dallas this afternoon to compete in a practice meet at Lake Cliff, with North Dallas, Dallas Tech and Oak Cliff hgih schools. They went in automobiles at one o'clock and planned to return early Thursday evening.

Those making the trip were Carl Ashworth, Lyman Barnes, Olen Taylor, Alvin Mitchell, Tom Sharp, Walton Kenner, D. Y. Myers, Milton Crabtree, Charlie Aston, Aubrey Beale, Bruce Nutt, Jim Johnson, Maurice Klutts and Carey Spence.

The meet is a practice affair prior to the district meet in Waco in the near future, in which the Corsicana team will participate.

BEER ELECTION

(Continued From Page One)

election to the Daily Sun (Collect) as soon as possible after the polls close. County Clerk Morgan will be at the Sun office to receive the results.

The Sun will tabulate and announce the results of the election and a complete count cannot be determined until all forty-eight voting precincts are heard from.

Voters in a number of counties recently have voted to legalize 3.2 beer after voting dry in last summer. City officials this week discussed licenses, etc., in the event the county legalizes the sale of the beer.

The order for the election was made, March 12, by the commissioners court after a petition containing 1,100 signatures had been filed, March 1.

The election judges appointed by the commissioners court for the holding of general elections have been designated by the court to hold this election.

Fifteen absentee ballots were cast for the approaching election in the office of County Clerk Morgan prior to the absentee voting close Wednesday night.

Almost Miraculous Escape from Injury By Little Child

An almost miraculous escape from death or serious injury by Irvin Jordan, 2 1-2 year old son of Mr. and Mrs. Irvin Jordan of Houston, was leaned by the little fellow's grandfather, Judge Sam B. Jordan, this week.

The little fellow fell from a second story apartment window and escaped without a bruise or a scratch. The frantic mother, formerly Miss Martha Mitchell of Corsicana, rushed downstairs, expecting to find her little son seriously injured if not dead, but was met by him walking around the house to return to the apartment where the family resides.

The child's fall was broken by shrubbery which caused him to fall in a recently dug up flower bed.

Bronchial Irritations Need Creosote

For many years our best doctors have prescribed creosote in some form for coughs, colds and bronchitis, knowing how dangerous it is to let them hang on.

Creomulsion with creosote and six other highly important medicinal elements, quickly and effectively stops coughs and colds that otherwise might lead to serious trouble.

Creomulsion is powerful in the treatment of colds and coughs, yet it is absolutely harmless and is pleasant and easy to take.

Your own druggist guarantees Creomulsion by refunding your money if you are not relieved after taking Creomulsion as directed. Beware the cough or cold that hangs on. Always keep Creomulsion on hand for instant use. (adv.)

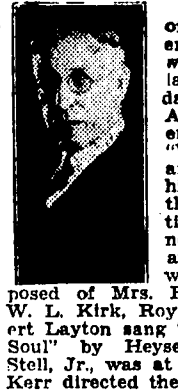
GUY GREEN OPENED MEETING AT THIRD AVE. PRESBYTERIAN

CHURCH AUDITORIUM WELL FILLED FOR FIRST OF SERIES OF MEETINGS



Guy Green gave at the Third Avenue Presbyterian church Wednesday night the first of a series of talks on "Everyday Religion" which will run daily except Saturday until Sunday, April 1. The speaker's subject was "We Do Not Well" and he exhorted his audience to tell the story of salvation and to tell it now. The church auditorium was well filled.

A quartette composed of Mrs. Ralph Stell, Mrs. W. L. Kirk, Roy Leeds and Robert Layton sang "Hark, Hark, My Soul" by Heyser. Mrs. Robert Stell, Jr., was at the organ. Lloyd Kerr directed the choir. The prayer was by the pastor of the church, the Reverend Martin Baker.

Green will talk Thursday night on "Men of Your Size." The special musical number will be a solo by Roy Leeds.

These services, like the services Green held in Corsicana two years ago, will start promptly at 7:45 o'clock and will run about an hour.

The visiting layman spoke to the junior high school Thursday morning on "My Dog Victor," and addressed the Civitan club Thursday noon at its luncheon in the Navarro hotel.

Friends Remember Mrs. J. G. Caskey on Her 83d Birthday

We want to thank our many new friends of Tupelo, who so kindly remembered our mother, Mrs. J. G. Caskey, on her 83rd birthday, March 17th.

There were nine ladies who came and gave her a lovely surprise showed. Many sent gifts who could not be present. In all there were twenty who gave nice and useful gifts, topped off by a lovely angel food cake, trimmed in white and green with pink flowers and 83 pink candles.

May God bless each one. And ast the years pass may we show them how we appreciate their kindness to us.

Mother joins us in thanking you all. THE NORWOODS.

Negro Claims He Was Robbed of Hat, Shoes and Nickel

Officers are seeking a negro on a robbery complaint following the filing of charges by Edward Hollis, negro, to the effect that one of his own race accosted him in East Corsicana Wednesday night, threatened him with a stick and relieved him of a nickel, his shoes and hat.

The complaint was filed in Judge M. Bryant's court.

Woodul Announces His Candidacy For Lieut. Governor

HOUSTON, March 22.—Senator Walter Woodul of Houston has formally announced his candidacy for the office of Lieutenant Governor, saying:

"I aspire to the honor of being Lieutenant Governor of this state. I was born in Texas and educated in her schools, including the University. I volunteered to serve National Guard on the Border in 1916 and served in the World War. I have been privileged to represent the people of Texas in both Houses of the Legislature and I believe I know the problems of the state.

"As the campaign progresses, I will discuss and give to the electorate my position on pertinent issues."

Bailey Acting As Texas Spokesman In Nation's Capital

WASHINGTON, March 22.—(AP)—A hope that James Roosevelt, son of the President, would attend a state convention of young democrats in Houston next month was expressed today by Reb. Bailey (D-Tex.)

Bailey yesterday told President Roosevelt Texans held high hopes that James Roosevelt would be their guest, and said later he believed the President's son would go to Houston if he found it at all possible.

Bailey also advised the President the Texas Press Association members coming to Washington on a good will trip April 1 wanted him to be their guest while here, and was told the President would be glad to acecpt.

Mt. Nebo Four-H Club Met Thursday, March Fifteenth

The Mt. Nebo 4-H Club of Navarro county met Thursday, March 15th. Miss McNabb, our club demonstrator met with us and rendered a very enjoyable program teaching us to darn hose and hem towels. She distributed pamphlets to help us girls in the selecting of clothing and beauty. Miss McNabb also urged us girls to plant two new vegetables in the garden. We were also favored with a very interesting talk made by our council delegate, Miss Frankie Lee Blackledge, reporting the meeting which she attended at Corsicana. Having sung some club songs we adjourned wishing we could have Miss McNabb with us every time as we all had such a nice time.

GAS RATE

(Continued From Page One)

system in the City of Corsicana, Texas, and in accordance with the laws of the State of Texas, files this, its application for a change in its schedule of rates and charges for domestic natural gas and natural gas service in the said City of Corsicana, and represents to Your Honorable City Council as follows, to-wit:

I.

Applicant shows that it is not now earning, and that it has not been able to earn under the present schedule of rates and charges for domestic natural gas and natural gas service in the City of Corsicana, a fair annual rate of return upon the fair value of its property, and that it is suffering a daily loss and confiscation of its property in violation of the laws and Constitution of the State of Texas and of the United States, and more particularly in violation of the Fourteenth Amendment to the Constitution of the United States.

After making a fair allowance for depreciation, the applicant under the existing rates is suffering a loss and deficit, and in view of its earnings now and its prospective earnings in the future under such rates, Applicant is facing a most desperate situation with respect to maintaining its credit and continuing satisfactory service to its customers. It is evident that the Applicant cannot long continue to operate under the existing rates and earnings and at the same time continue to pay interest on its outstanding bonds. Such condition must inevitably lead to the destruction and loss of Applicant's natural gas service as well as its property.

II.

It is further apparent that Applicant's operating expenses will be materially increased in the future by reason of the natural gas code and the increased operating expenses which have been placed upon it through the National Recovery Act. The cost of labor and material has been materially increased during the past few months and it is apparent that the trend of prices is upward. Applicant's taxes have been materially increased; and these combined with additional expenses and burdens make it imperative for Applicant to change its rates in order to meet its operating expenses and continue its economic existence. Applicant does not desire to increase its rates under present economic conditions, to the extent that would be necessary in order to give it the full return which it would be entitled to have and receive under the law. Instead of increasing its rates to such extent, Applicant proposes with your authority and approval to put into effect a sliding scale or schedule of rates which it terms a "promotional" or balanced thrift rate. It is a rate which Applicant believes to be a more equitable and fair schedule of rates, both for the consumers and for the company, than the present rates. Such a schedule of rates is as follows:

Net	Gross	
$1.75 per M	$1.94 per M	For 1st thousand cubic feet
$1.50 per M	$1.66 per M	For 2nd thousand cubic feet
$ .75 per M	$ .83 per M	For next 3,000 cubic feet
$ .50 per M	$ .55 per M	For next 20,000 cubic feet
$ .45 per M	$ .50 per M	For all over 25,000 cubic feet

Minimum bill per consumer per month $1.75.

Petitioner shall further have the right to make a charge of $2.00 for the reconnection of a meter or the resuming of service to any customer who shall request such reconnection or resumption of service, at the same location or address, within a period of one (1) year or less after service has been discontinued.

The above rates and charges are applicable to each domestic consumer per month, or for any part of a month, in which gas is used at the same location, and the net rate applies when bill is paid within ten (10) days of monthly billing date.

The proposed schedule of rates eliminates the service charge and gives the consumer the advantage of securing gas at fifty and forty-five cents per thousand cubic feet after the first 5,0000 cubic feet. Such sliding scale of rates will slightly increase the extremely low summer bills over the present rate and thereby increase the revenue of Applicant at a time in which it serves most of its customers at a tremendous loss, while at the same time the proposed rates will decrease and tend to eliminate the high winter bills of the consumers, which are the most prolific source of complaint under the present rates.

III.

Appliant, after a thorough study and investigation, proposes the foregoing schedule of rates as the most scientific and satisfactory rates, both to the consumers and to itself, which in the judgment of its management could be adopted in the City of Corsicana. The proposed schedule of rates as applied to the sales of the Municipal Gas Company in the past would not enable Applicant to earn the full return it is entitled to have and receive upon the present fair value of its property and business in the City of Corsicana. However, under such rates Applicant will probably be able to meet the interest payments on its bonded indebtedness and continue to maintain efficient service to its consumers, with the hope that the proposed sliding schedule of rates will enable it to sell more heating gas and thereby increase its sales and likewise its revenues to the extent that it may be able to obtain a fair and reasonable earning upon the fair value of its property. Unless Applicant is thus able to increase its sales and revenues it will be necessary for it to further increase its rates in order to secure the returns to which it is entitled.

WHEREFORE, Applicant makes and files this application as in law provided, and also files herewith an ordinance embodying the proposed changes in its rates and charges for domestic natural gas and natural gas service, and prays that Your Honorable City Council immediately grant its application for the proposed change its rates and thereupon pass the proposed ordinance putting the same into effect.

Respectfully submitted,
MUNICIPAL GAS COMPANY.
By J. B. McCabe, President.

STRIKES

(Continued From Page One.)

are "innocuous" and "straw men."

Carmody, whose concern had a company union, said such organizations did not give workers free collective bargaining.

He endorsed the Wagner labor bill to outlaw company unions.

Carmody said the automobile makers could have averted their current labor troubles by following the example of the coal industry and recognizing organized labor.

There is now industrial peace in the coal industry where conditions were formerly very bad, he added.

Carmody was the final witness for the Wagner bill, except Hugh S. Johnson, recovery administrator, who will be heard Monday before the committee opens opposition hearings.

The bill also was endorsed by Richard Hogue, of Washington, D. C., and John H. Gray, of the American Civil Liberties Union.

William F. Dunn opposed the bill on behalf of the Trade Union Unity League, which he said was not a communist organization, though often called one.

The American Federation of Labor was attacked by Dunn. He said it knew about, but failed to prevent racketeering in local unions.

Joseph B. Eastman, federal coordinator of transportation, listened to the railroad manager's present their side of the controversy with the unions over wages for two hours.

"I am spending the day listening," Eastman told reporters at the close of the conference. "I shall meet this afternoon with the labor union heads and listen to their side.

"After I have heard both sides I may have something to propose myself."

Eastman is acting as mediator at the request of President Roosevelt.

In informed circles it was regarded as likely that Eastman may propose an adjustment of salaries in the lower brackets with a possible continuance of the ten per cent deduction no win effect in the higher brackets such as engineers and conductors.

The auto union delegates conferred with Hugh S. Johnson, NRA administrator, and selected six spokesmen besides William Green and William Collins. A. F. of L. organizer, to lay the men's case before President Roosevelt later.

The spokesmen chosen were Arthur Greer, of Hudson Motor Company local; John A. Bailey of Buick; Al Cook of Fisher Body Plant Number 1, Flint, Michigan; Richard L. Byrd, of Pontiac Motors; David Lano, representing the Flint local of the Chevrolet Company, and Lionel Bentley, speaking for the Wisconsin men.

The larger group included also representatives of the Chevrolet assembly plant at St. Louis and the Cleveland, Ohio, Fisher Body factory.

Jess Tyner of Kerens was in Corsicana Tuesday.

LOCAL MERCHANTS PLEDGE SUPPORT AUTOMOBILE SHOW

EVENT EXPECTED BE MOST SUCCESSFUL EVER STAGED IN CITY OF CORSICANA

Merchants of Corsicana attending the public mass meeting at the Palace Theatre Wednesday morning were unanimous in the pledging of every individual effort toward selling the residents of this trade territory on the fact that this city could supply every need as a part of the New Deal merchandise display and auto show to be held March 28 to 31.

The meeting was called by the Corsicana Chamber of Commerce, sponsor of the merchandising effort, and in presenting the plans. Secretary Harry C. Howard first emphasized the fact that the session was not called for money raising purposes, but only to interest the merchants in individual efforts to help themselves. He declared that the automobile show and the advertising campaign had been underwritten.

Huge Shoppers' Parade.

Mr. Howard stated that the "New Deal Display" would start one week from Wednesday and it was the desire of the sponsors to have every window of Corsicana business houses veiled all day next Wednesday, and then to be unveiled simultaneously at 7:30 in the evening to present new and unique displays of seasonal merchandise, at easily saleable prices. He also stated that the co-operation of the women's clubs of the city had been enlisted in the working out of a huge shoppers' parade starting at 7:30 to be wound up with the formal opening of the automobile show.

New Buying Area.

Calling attention to the fact that the event was coming right at the beginning of a new buying era, the merchants were urged to clean up and dress up their stores, and have a "new deal" inside and out. Mr. Howard declared that the chamber of commerce was interested in the trade flow to Corsicana, and was anxious to prove to the entire territory that local merchants had everything with which to supply the needs of the people without the necessity of going to larger cities. It was reported that millions of dollars would pour into the trade territory from the farm products alone, and that it was up to the merchants to get the major portion of the business.

Stressing the importance of the cleanliness of the city in its appearance to the visitors, the speaker said that it was the natural thing to become slovenly during depression and urged that the entire community bestir itself and show the visitors the real city that exists in Corsicana, whose possibilities are limitless.

Start Clean Up Now.

Merchants were urged to be careful about using uncovered containers for their trash, and to start the cleanup campaign now, to cease the sweeping of trash into the gutters and streets, and to assist in ridding vacant buildings of unsightly posters and dirt.

Going into the second phase of the campaign, the speaker urged the merchants to make every possible effort to induce the people to come into their stores during the special event. He stated that the new deal display would be formally announced with full-page ads in the Corsicana Daily Sun and Semi-Weekly Morning Light on Friday, and be followed with a double page announcement next Tuesday. He declared that with the proper co-operation more than 100,000 to 150,000 people could be drawn to Corsicana for the exhibition.

More Space Needed.

He reported that the automobile show would be held in the building formerly occupied by Drane & McKee, but that more space was needed to care for those who wanted to exhibit, with 30 or 40 automobiles to be shown, and tire and accessory dealers, and the major oil companies also participating.

Pointing to the fact that the event came just four days before Easter, the speaker said that the public would be in a buying mood and urged that every merchant make every effort to present unusual values of real merit, warning that false values would be extremely detrimental.

Co-operative Effort.

E. W. Ellis, chairman of the auto show committee, declared that the motor dealers did not particularly need the show because they were short of models and were making regular deliveries but stated that they had engaged in the task as a co-operative effort with Corsicana merchants to assist in bringing people to Corsicana and that it was up to the merchants after they had arrived. He declared that the auto show was a success in advance, and that it would be the same thing for the merchants if they would co-operate with themselves.

T. L. Carlisle, manager of the Trinity Motor Freight Lines, said that he was ready to do anything that would help bring people to Corsicana.

J. M. Dyer, Jr., stated that the idea was fine and he would cooperate.

M. R. Thomas, shoe store manager, stated that "the proposition sounds good."

Jay A. Silverberg, vice president of the chamber, in charge of merchandising efforts, declared that the event was exceptionally well timed and that if each merchant would use the resources available to him for his own benefit, that all existing records for attendance in Corsicana would be broken easily.

All Willing to Help.

A poll of the attendants at the meeting showed every merchant willing to co-operate to the fullest extent.

Street and Sanitary Commissioner Joe W. Jefferson promised that the city would do everything in its power to clean the city and keep it that way, but pointed out that the high winds doubled the work to be done, and asked the assistance of the merchants through the use of covered trash containers, and the cessation of sweeping trash into the gutters. He said that the street sweeper could not be used as effectively as it was some months ago because of the number of parked automobiles in the business district.

He promised every assistance on the part of the city government and aked co-operation from the merchants.

Black Hills Church Adopts Resolutions Of Death Member

Marvin L. Beckham was born Sept. 17, 1912 and died Jan. 5, 1934. He was converted and united with the Black Hills Baptist church July 10, 1933.

The greater part of his life was spent in the Black Hills community. He made friends wherever he went, among the older people as well as the young folks:

Whereas, God in His wisdom has seen fit to call from the walks of this life one of our members; his going has caused a sadness over the whole community, but our loss is Heavens' gain, therefore, be it

Resolved, That the Black Hills Baptist church tender their heartfelt sympathy and love to the bereaved family.

That a copy of these resolutions be put on the church record book, one sent to the Corsicana paper and one to the family.

Written by order of the church in conference, Jan. 14, 1934.

Side Quit Hurting, Got Stronger, Well; CARDUI Helped Her

Mrs. R. L. West, of Huntsville, Ala., writes: "I was weak and run-down. I had a pain in my side, and I kept losing weight. I grew nervous over my condition—this was unusual for me, for I am very cheerful when I am well and don't easily get nervous. I knew I ought to take something. My aunt told me I ought to try Cardui, which I did. I began to feel better. I kept it up until I had taken three or four bottles. My side quit hurting and I was soon feeling strong and well."

Cardui is sold at drug stores here.

THE "GOOD TIME COMING" IS THE KINGDOM OF GOD ON EARTH *

A Study of the Biography of Jesus In the Light of the World's Present Peculiar Needs ---His Kinship With the Common People.

By WILLIAM T. ELLIS

As a traveller amidst the mountains pauses to look back upon the scenery he has traversed, so the course of the International Sunday School Lesson is interrupted every three months by a review; that a sweeping glance may be had of the ground already covered. A stupendous panorama stretches out in these first fiteen chapters of the Book of Matthew, ranking from the birth of the Infant Jesus to the dazzling peaks of the Kingdom of God on earth.

This man Matthew was no sentimentalist, no visionary or theorist. His training had been in the hard school of business and public life. So he saw things concretely, with a predisposition to consider their public relationships. That is why he is fullest of the four Evangelists in his quotations concerning the Kingdom. His is often called the Gospel of the kingdom.

Old Truth Down To Date.

These are good days in which to read Matthew's book. Much that is inarticulate or vague in the social aspirations of these seething times becomes explicit in his presentation of Kingdom truths. There can be small doubt that the world is just now emerging into a new era of Kingdom consciousness. The ferment that is to be found in humanity all over the earth is nothing less than a working toward new and nobler goals for the common life. Not always does this restless public know what it wants; but it is nevertheless headed straight toward Kingdom ideals.

We glimpse something of the patience of God, who has waited all through the ages for this period of a solified humanity, permeated by a new sense of vision. The scattered and unbridgeable nations of Christ's day were not ready for the Kingdom; nor are we yet wholly so: and this sway of righteousness, good will and peace waits upon the consent of the governed. God seems to have willed not to have unwilling citizens in His Kingdom.

Certainly the hour has struck for all thoughtful persons to give careful consideration to the deeper meaning of the vast movements in our time. They take many forms, but they are all one in a questing after a better social order—a more equitable distribution of the rewards of life; a greater respect for human personality; a larger degree of safety and comfort for all the people; a recognition of the right of everybody to leisure for the development of his spiritual and aesthetic nature. So mightily has the tide set in toward these golden isles, that nothing, seemingly, can withstand it. The power of the masses is matched by their purpose.

Now our deepest concern is to make sure that the changed order of life which seems inevitable shall be a Christian order, deminated by good will and brotherliness. The standards we are setting up should be the Kingdom standards.

What Kingdom-Rule Means.

That nobler pioneer in the interpretation of the social aspects of Christianity, Dr. Walter Rouschenbusch, of Rochester, has left a brief summary of his own ideals and convictions which may be called the creed of a citizen of the Kingdom of Heaven. He wrote:

"I affirm my faith in the reality of the spiritual world, in the sacred voice of duty, in the compelling power of truth and holiness, in prayer, in the life eternal in Him who is the life of my life and the realty behind all things visible. I rejoice to believe in God.

"I affirm my faith in the Kingdom of God and my hope in its final triumph. I determine by faith to live day by day within the higher order and the divine peace of my true fatherhood, and to carry its spirit and laws into all my dealings in the world that now is.

"I make an act of love toward all fellow men. I accept them as they are, with all their sins and failures, and declare my solidarity with them. If any have wronged or grieved me, I place my mind within the all-comprehending and all-loving mind of God, and here and now forgive. I desire to minister God's love to men and to offer no hindrance to the free flow of His love through me.

"I affirm my faith in life. I call life good and not evil. I accept the limitations of my own life and believe it is possible for me to live a beautiful and Christ-like life within the conditions set for me. Through the power of Christ which descends on me, I know that I can be more than conqueror. Amen."

The King Who Was Kin.

It perhaps will serve to clarify our thought if we term this first half of Matthew's Gospel "The character of the King and the Laws of the Kingdom. And here we find portrayed the utter simplicity of the birth of Jesus; although attended by wonders and by the gifts of royal Wise-Men. As close to common humanity as it was possible for God to crowd Himself came Mis Son, sharer of man's ordinary lot. In a workingman's home, in a small town, Himself trained to a trade, and used to all the commonplace privations and burdens of lowly ife, the Master grew to manhod.

In a splendid day of revelation, He and His mission were made known to the world, by the baptism of John in the Jordan. Followed the tremendous and mysterious ordeal of the temptation, wherein Jesus resisted the allurements and besetments which every mortal must meet; and gave proof that man is not meant to be victim of sin, but victor over sin.

He chose for His companions a little group of common men; and set about training them to carry on His kingdom work. Mostly, they were engaged in tasks of helpfulness, large and small—the easing of a social dilemma, the healing of the sick, the raising of the dead, the feeding of the hungry, and the inspiring of the discouraged hearts of earth-bound men and women. The Master's talks were mostly in story or picture form; "for without a parable spake He not unto them." Even the little children thronged His knees and clung to His cloak, because of His tales, but more because of His winsome personality.

Talk For Common People.

We cannot pass by this simplicity and clarity of the Master's presentation of the loftiest truths. The sublimest words ever spoken about God were told to hillside audiences of illiterate peasants. That lesson the great teachers of our day have forgotten. Modern discussion of religion and sociology and economics is obscured by professional and unintelligible shop talk. Many preachers still use "the language of Canaan," which ordinary listeners do not profess to understand. Religious education has in our day developed a special terminology which is Greek to the plain Sunday School teacher.

All of this high-falutin lingo of the highbrows just doesn't make sense; and it is a clear-cut departure from the example of Jesus, who talked so that "the common people heard him gladly." It is high time that all who call themselves teachers go to school to Him.

For the task of our times it is to make clear and real and living the immeasurable truth that, as God's glory is the highest goal of man, so man's god is the supreme purpose of God; and that whatever changes take place in our times should definitely be directed toward the realization of the Kingdom of God on earth.

SEVEN SENTENCE SERMONS.

Life is a mirror; try smiling in it.—Anon.

There is a force that eternally maketh for right.—Carlyle.

Our work shall still be sweeter for
our love,
And still our love be sweeter for
our work.
And both commanded for the sake
of each.
By al true lovers and true workers born.
—Elizabeth Barrett Browning.

The habit of looking at the bright side of things is worth more than a thousand a year.—Samuel Johnson.

Stand fast therefore in the liberty wherewith Christ hath made us free.—Gal. 5:1.

Love took up the harp of Life, and smote on all the chords with might; smote the chord of self, that, trembling pass'd in music out of sight.—Tennyson.

As the good mariner, when he approached port, furls his sails, and with slow course gently enters it, so should we furl the sails of our worldly affairs and turn to God with our whole mind and heart, so that we may arrive at that port with all sweetness and peace.—Dante.

The International Sunday School Lesson for March 25 is a Quarterly Review.—John 10:7-16.

Will Castor Oil Lax The Bladder?

No, but juniper oil, buchu leaves, etc., will. You can drive out impurities and excess acids that cause the irritation which results in bladder weakness, backache, leg pains, getting up nights and burning. Juniper oil, buchu leaves, etc., is pleasant to take in the form of BUKETS, the bladder laxative. Use a regular 25c box and if not satisfied your druggist will return your money. You are bound to feel better after this flushing and you get your regular sleep.—McPherson Drug Co. says Bukets is a better seller. (adv.)

CORSICANA, TEX., MAR. 23, 1934

ANOTHER AID DEMANDED

Now comes the demand that the federal government next year appropriate $400,000,000 to public schools of the various states. It is made by Dean William F. Russell, of Teachers' college, Columbia university.

While advocated partly as an emergency step to help the schools meet the crisis they are facing in many states, the plan of federal aid was supported also as a permanent principle of school support. Dean Russell believes it to necessary to the continuance of respectable educational programs in certain states which, he said, are unable to finance such programs themselves even in normal times.

He sees additional justification of his proposal in the fact that the federal government is absorbing the sources of revenues, It should share these with the states and localities, he argues.

"The government by taxing incomes and imports and by its large sales taxes on automobiles, alcohol and tobacco," he says, "has removed from the states the only taxes which could be collected."

He seeks to get around the argument that federal aid would mean federal control by suggesting that a fixed federal sum be "administered in an automatic way, preferably by some auditor or accountant or bookkeeper," instead of by a federal board. By such a method, he thinks, local control would be preserved, while "federal aid in any other form would tend to transfer the power away from the people."

Before the depression, extravagance and even waste in school administration was widespread. It was almost universal. This evil has been curtailed if not eliminated under the pressure of economic conditions. In many instances, the cause of public education has suffered from the rigid economy it was necessary to apply to school administration. This, though, can and will be remedied as the depression recedes and industrial conditions return to normal. But at least for a good many years, it is reasonable to believe, extravagance in school affairs will be avoided if the financing of public education is left entirely to the states.

This possibility would be minimized should the financing of the schools become a permanent part of the federal government's activities. Such a course would invite extravagance and waste, if not greater evils.

Whether the schools are supported by federal or state funds, the cost must come out of the pockets of the taxpayers. Too many people seem to regard the national treasury as containing an inexhaustible supply of money.

An annual appropriation of $400,000,000 to public education soon would grow to a billion and would continue to increase.

JUST FOLKS

(Copyright, 1932, Edgar A. Guest.)

PREDICAMENT

A most unhappy man I am
And so I sing this doleful ballad.
We should have had a crown of lamb,
With alligator pear for salad.
When friends are coming in to dine
She always lights the board with candles,
Gets out her stock of linen fine
And bouillon cups with gilded handles.

But to a plain ,old-fashioned meal
We'd settled down and started eating,
Alarmed, I heard the door bell peal,
Then voice of a friendly greeting.
Oh, troubled little wife of mine,
Who could have dropped into the cellar,
I had invited them to dine
That night and had forgot to tell her!

Only a woman can relate
How horribly her nerves are shaken
When she must pass to guests a plate
Of liver and of greasy bacon.
Too late for alligator pear,
Too late to have the table set full.
What miseries a wife must bear
Who has a husband so forgetful!

CHILD LABOR CONTROVERSY

Alfred E. Smith is throwing his editorial support behind Dr. Nicholas Murray Butler's substitute for the proposed child labor amendment to the national constitution, stepping into the breach at a time when the amendment seems almost certain of adoption. No movement ever went up against stiffer opposition.

Their objections to the amendment as it is now written are that it embodies all the weaknesses and vices of the eighteenth amendment. They contend it could not be enforced, would lead to all sorts of attempts at Federal usurpation and extension of authority over fields and activities not intended by the authors and would start another bitter repeal movement.

Proponents of the amendment as already approved by some states can have no serious objection, except that of delay, to the Butler plan, which substitutes state option for federal prohibition and gives protection for the state abolishing child labor by prohibiting interstate transportation of goods manufactured by child labor. As for any delay which might result from revision of the amendment resolution, the NRA makes immediate action by the states immaterial.

The two sides of the controversy are farthest apart when it comes to fixing the minimum labor age. Butler and Smith say make it 16 instead of 18 that it may be enforced without hardship. The other side argues for the higher age that it may accomplish its larger purpose. One is thinking of the parent and the child who wants to go to work; the other of unemployed adults and of adolescent youth's greater need for education.

SCOPE OF THE PRESS.

Will Rogers, philosopher in cap and bells, nightly confesses to his audiences that all he knows is "what he sees in the papers"—and he is representative of a tremendous army.

The newspaper is the sole source of information and knowledge for that vast multitude which limits its daily reading to one or more papers. And the great majority of those who do not limit their reading to the newspapers turn elsewhere only for entertainment, depending upon their paper to keep them informed on the economic, political, scientific and social state of the nation and world.

In any issue of a representative American newspaper one will find reports from the scientists, a survey of economic and political conditions, a graphic picture of all strata of contemporary society, a summary of current history and a mirror of the wit and humor of the times. To the seeing the modern newspaper is a magic crystal in which the gazer can see the world pass before his eyes.

Into each newspaper edition is condensed hundreds of current events without geographical limitation, the essential portions of the writings and utterances of the day, and the latest addition of the "sum of human knowledge."

AIR MAIL

NOT LACK OF MONEY

For years the army air corps has been complaining to congress that its appropriation, equipment and personnel are inadequate, and until the corps undertook to carry the air mail congress thought it merely big-air-force talk. The corps has sacrificed some men and almost certainly gained more spending money.

When President Roosevelt asked the war department if its army fliers could carry the air mail the chiefs of the department and the corps were quick to answer in the positive. Several accidents will be cited to prove that the corps was not prepared, and there will be some laymen who will contend that the corps knew it and coveted this opportunity to prove its need for larger appropriations.

The second step toward a bigger and better air corps is the authorization of an investigation by congress of war department buying with emphasis on the army air corps' equipment. The investigating committee will find the equipment inadequate or obsolete and recommend a larger appropriation next year, which will please some and displease others but hardly explain why fog and snow, which are part of the day's work for commercial fliers, should destroy the army flier.

Blind must be an air corps administration which has overlooked the importance of blind flying.

DENIAL UNNECESSARY.

Not less often than Washington denies the intention to cancel the war debts is the British government called upon to deny that it will cede one of its islands in the West Indies to the United States in settlement of the British war debt. Prime Minister MacDonald has just reiterated the denial.

Whether the British government has ever seriously considered paying off its American debt with an island or two is not known to a certainty, but unofficially it has been proposed both here and abroad and in a number of quarters. It seems, however, never to have advanced beyond the proposal and rumor stage.

Should London take it up as a parliamentary question, it would likely develop that Uncle Sam doesn't want the islands any more than the British Commonwealth of Nations wants to give them up.

If the British only knew it the West Indies probably contribute no more to the welfare of England than the Philippines contribute to the well-being of the United States, but the Philippines will receive their freedom long before England starts thinking about doing the same for the West Indies. England takes her "empire" seriously. Imperialism hasn't flourished here since Spanish-American War days.

Daughters Honored Father on His 75th Birth Anniversary

Misses Lorene and Katie French entertained Sunday afternoon, March 11, 1934 with an afternoon tea honoring their father's 75th birthday at their home at Brushy Prairie. The home was beautifully decorated in a color scheme of pink and white. Bouquets of white and pink blossoms were placed in vantage points about the reception rooms.

The tea table was lace covered with pink underlay and held at the center a bouquet of pink blossoms in a black vase. Green tapers in pink holders burned at either end of the table.

Mrs. Grady French and Miss Virgie Reen Raley presided at the tea table. Those assisted in serving were: Mrs. Inmon Slater, Spring Hill; Miss Zelma Prater, Dawson; Misses Ollie B. and Eddye Mae Gray, Hillsboro. Receiving were Misses Katie and Lorena French, Mr. and Mrs. Claib French and Miss Mae Berry.

The guest register was presided over by Miss Mae Berry, Palestine. One hundred guests registered during the afternoon.

Out of community guests were: Mrs. L. R. French, Mrs. Lillie Tatum, Mrs. John Ferrill and children, Barry; Mr. and Mrs. Grady French, Mr. and Mrs. Lewis French and daughter; Mr. and Mrs. M. Cunningham and family, Mart; Mr. and Mrs. Cerine Breedlove and daughter, Milford; Mr. and Mrs. Sam Prater and family, Mr. and Mrs. J. F. Hagle, Mr. and Mrs. Jack Berry, Rev. and Mrs. F. O. Roberts Re-elected Superintendent For Wortham Schools

WORTHAM, March 21.—(Spl.)—L. A. Roberts was re-elected superintendent of the Wortham public schools at a regular meeting of the board of trustees. The election was for three years. Mr. Roberts has served the Wortham schools in this official capacity for seven years, coming to Wortham from the Hutchins school. No other election was made.

Little Richland Boy Has Birthday Party Celebration

RICHLAND, March 21.—George Allen Hillburn, Jr., of Richland recently celebrated his sixth birthday with a party. The little cake was decorated with six pink candles and served with ice cream to several of his friends. All enjoyed the evening very much and wished him many more happy birthdays.—Contributed.

Birthdays of Mother And Father Honored At Noon Luncheon

A high noon luncheon was given Sunday, March 11th by Misses Katie and Lorene French, in their home in the Brushie Prairie community, honoring their mother, Mrs. Hood French's sixty-seventh birthday and their father, Mr. Calib French's seventh-fifth birthday. Mr. and Mrs. French were delightfully surprised when they arrived home from church Sunday and found the host of friends that had arrived to celebrate their birthdays.

Two cakes with 67 and 75 candles respectively were placed on the festive board at either end of the table, with center decoration of red bud blossoms, from which a three course luncheon was served to thirty-eight guests.

Out of community guests were Mr. Jack Gray, Mr. E. M. Gray, Misses Ollie B. and Eddye Mae Gray of Hillsboro; Mr. and Mrs. J. F. Hagle, Dawson; Mr. and Mrs. Jessie Ballew and children, Cleburne; Mrs. A. L. Cox and children, Trinidad; Miss Mae Berry, Palestine.—Contributed.

THREE STILLS WERE SEIZED MONDAY NEAR PORTER'S BLUFF

Two stills in operation and another still "warm" were confiscated in raids conducted by county officer in the northeastern section of Navarro county in the Porter's Bluff sector Monday afternoon. One of the stills was a 500 gallon affair while the other two were 200s. Forty-two gallons of corn whiskey were seized and 20 barrels of mash were destroyed.

Willie Grayson and Buster Thusman, negroes, were arrested and formally charged by complaints with the alleged violation of the prohibition laws before Judge Sam B. Jordan. Bonds of $750 were made and the accused negroes were released.

It is likely the cases will be presented to the Navarro county grand jury this week as the investigators resumed their sessions Tuesday morning after a several week's recess.

The raiding party included Sheriff Rufus Pevehouse, Deputies Walter Hayes and J. M. Westbrook and Bud Burleson, Kerens, deputy constable.

The stills were seized and Sheriff Pevehouse returned to Corsicana for a trailer while the deputies remained with the still until his return.

POWELL PIONEER BURIED IN KERENS CEMETERY TUESDAY

Funeral services for P. B. Baltzegar, 79, pioneer resident of the Powell community, who died at his home near Powell Monday morning at 8:15 o'clock were held Tuesday afternoon from the First Methodist church at Powell at 2 o'clock with burial in the Kerens cemetery. The rites were conducted by Rev. Bernard L. McCord, pastor.

Mr. Baltzegar was a native of Alabama, but came to Texas 50 years ago, settling in the Powell community where he has resided since that time

Surviving are his widow, three sons, E. B. Baltzegar, Corsicana; C. G. Baltzegar, St. Petersburg, Fla; and W. R. Baltzegar, Powell; a daughter, Mrs P. H. Cuthbertson, Dallas; eight grandchildren and a number of other relatives.

Corley Funeral Home directed the funeral.

WM. R. KELLEY, JR., DIED IN DALLAS; BE BURIED CORSICANA

William Robert Kelly, Jr., aged 21 years, died in the Baptist hospital in Dallas Monday night at 11 o'clock after a several days illness. The funeral will be held from the East Dallas Presbyterian church in Dallas Wednesday afternoon at 2 o'clock and interment will be made in Oakwood cemetery here about 5 o'clock Wednesday afternoon. The rites will be conducted by John McLean, pastor.

Surviving are his parents, of Dallas; an aunt, Mrs. Nena Elliott, Dallas; and a number of relatives here, among them being an aunt, Mrs. E. C. Sears. His mother will be remembered as Miss Louie McSpadden in Corsicana

The funeral arrangements in Dallas and Corsicana are being handled by the Sutherland-McCammon Funeral Home.

League President Wants to Hear From Baseball Managers

Managers, baseball fans and others interested in amateur baseball who desire to enter the Home baseball league for the 1934 season are requested to write Frank Williams, Barry, Texas, Route 2, so that a meeting can be arranged for the purpose of organizing and making plans for the season.

In the event there are sufficient interest to call the meeting, Williams pointed out that definite announcement would be made through this newspaper. Williams hopes to be able to call the organization meeting within the near future and get the season under way not later than April 15.

Williams has ben president of the Home league since its organization several years ago.

Clubs interested in the league this season are urged to notify Willimas regarding the proposed organization meeting.

Purdon won the championship of the Home league last season after a spirited campaign among community teams of western Navarro county, including Pursley, Brushy Prairie, Spring Hill, and Emmett.

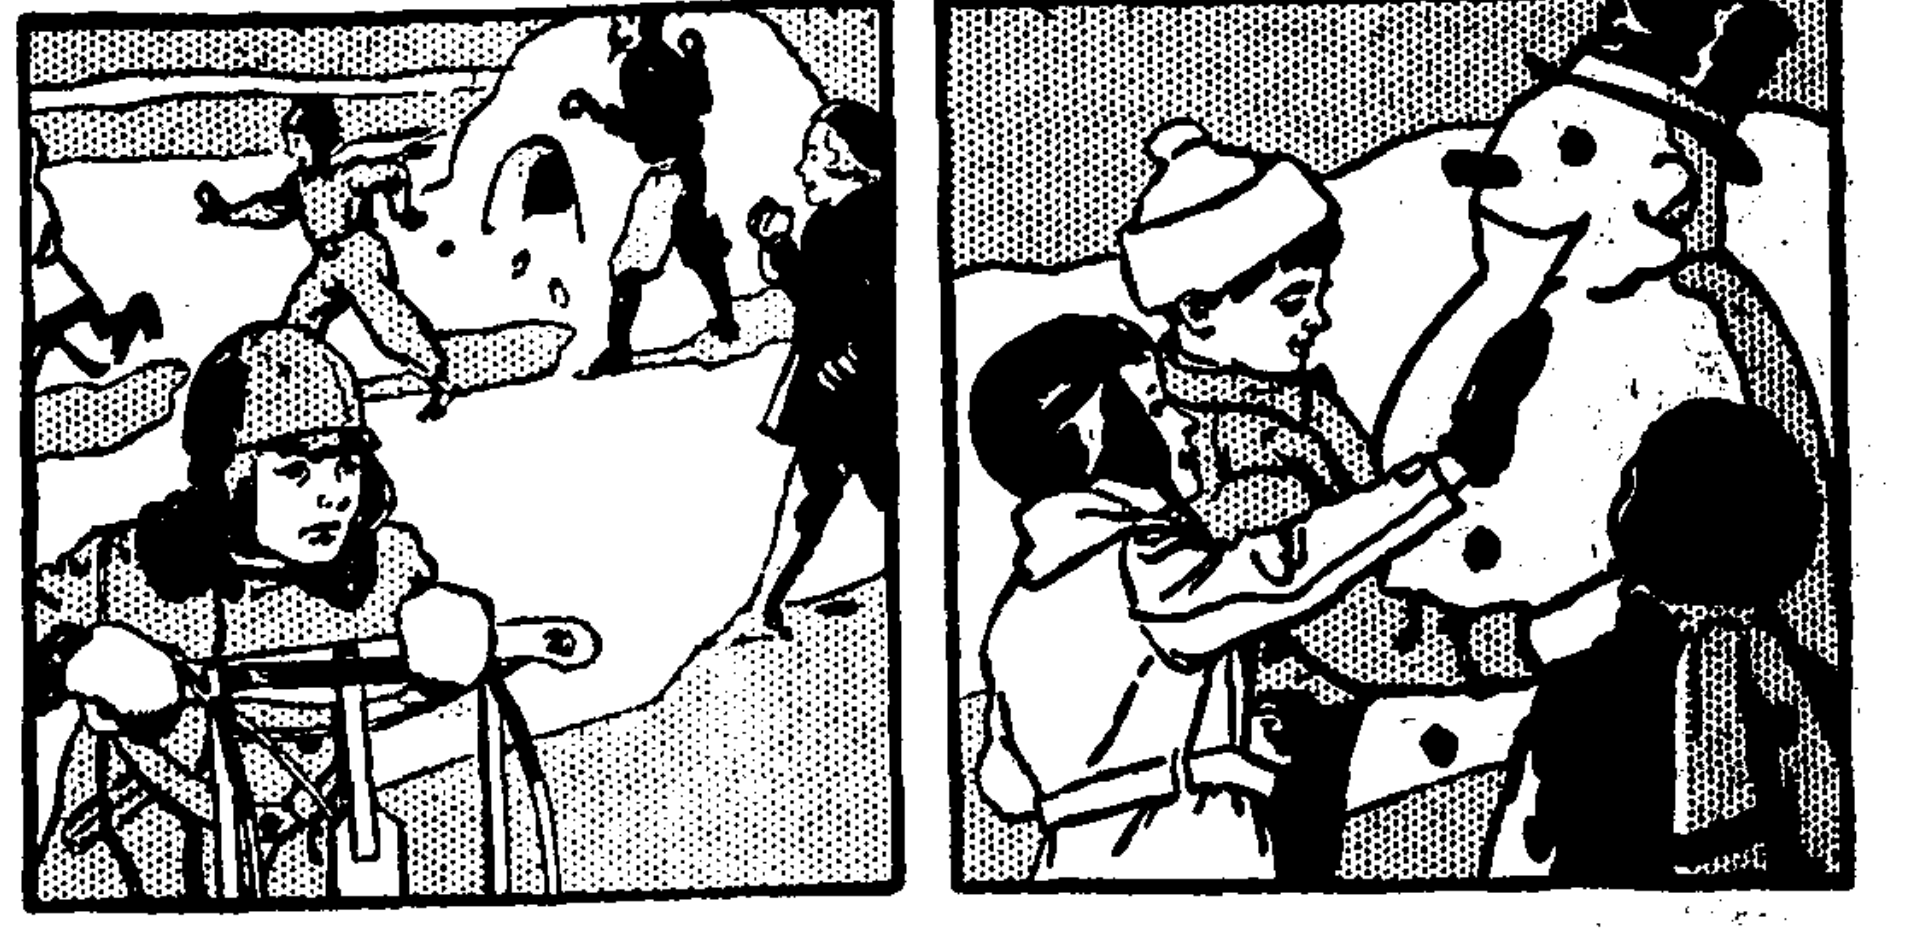
WAYNE MILLIGAN ELECTED DIRECTOR HEREFORD BREEDERS

Wayne Milligan, farmer-rancher of the Streetman community, has been elected as a director of the Texas Hereford Breeders association.

The annual meeting of the Hereford association was held in Fort Worth several days ago in connection with the Southwestern Exposition at Fort Worth.

Some of the finest Hereford cattle of the country are found on the extensive Milligan ranch in the southern portion of Navarro [illegible]ty on Highway 75 between [illegible]land and Streetman.

Whose Fault?



If a Child Won't Play with Others?

Parents who understand children know where to place the blame when a youngster mopes, keeps to himself, or is "ugly" toward others. Sluggishness ruins *any* disposition, and that's what is usually wrong. But it's just as wrong to dose that child with sickening cathartics. Until 15—or older—a child's bowels need but little aid—a very mild form of help. Stronger things often upset the stomach or weaken the bowel muscles. For the happy solution of this problem see what to do, in the next column:

There are happy, healthy boys and girls who have never known the bitter taste and violent action of castor oil—or similar cathartics. The only "medicine" they ever get—or ever need—to help the bowels is plain California Syrup of Figs. The senna in this fruity syrup has the natural laxative action that assists Nature as it should. Next day, the child feels and acts himself, and has a normal appetite. But use the real California Syrup of Figs, with the word "*California*" on the label and on the bottle.

BEAUTY CHATS

By EDNA KENT FORBES

All requests for beauty information desired by Edna Kent Forbes column followers must be accompanied by a fully self-addressed, stamped envelope (s.a.s.e.) and two cents in stamps to cover cost of printing and handling. For the illustrated pamphlet, "BEAUTY," ten cents in stamps with a s.a.s.e. must be enclosed. Address Miss Forbes in care of this paper.

CLEANSING, HEALING SKIN TREATMENTS.

Healthy, Lovely Complexions.

If you follow the suggestions Miss Forbes gives you today in the Beauty Chats, you can have a healthy and lovely skin, without spending a lot of money to acquire it.

This is medical advice today; it is also beauty advice. These are baths you can take, to make your skin lovely. They are also antiseptic and soothing. If you have an irritated skin, or if you want a more beautiful skin, try a starch bath—a generous half pound—that is, a bit more than a half pound, to a tubful of fairly warm water. Soak in it, stirring up the starch from time to time. Use laundry starch—it is cheapest. Or try that bran bath.

This you probably know of: A pound of bran, tied loosely in a gauze bag, to each bath—they reckon a bath is 30 gallons of water. Hot, if you want to sweat off acids, or get rid of a cold, or reduce, warm if merely for beauty or to soothe the skin. Twelve ounces of bicarbonate of soda or of borax, to a tub of water, is soothing and makes the water soft. Personally, I'd recommend bran when you can get it.

Sea salts are invigorating and often prescribed for invalids. But to get an exhilarating amount of the salt water you need, often as much as eight or ten pounds of salt to a tub of water. This is rather costly, even with sea salt at about five cents a bag. You can get the same effect by bathing in warm water and then rubbing the skin with a handful or so of table salt, letting this melt into the skin, and rubbing it off lightly when you dry yourself.

Other baths—tar, sulphur and such—are best taken only after seeing your doctor. Sulphur is marvellous, but if you've a lot of acid, it may make you break out in spots all over. Better get rid of acid by the bainket packs or the electrically heated cabinets.

Mrs. C. E. W.—I shall be glad to send you any information you need on the care of the skin, if you forward a stamped, self-addressed envelope for mailing it to you.

L. de C.—If the soap and water had been kept hot until all the soap had dissolved, the lemon juice would have mixed with the soapy liquid without coagulating. You might try heating it over again and leaving it to set in cooling. It should be usable after that for shampoo purposes.

Miss C. E. F.—If you are able to spare some weight all over, it would be the easiest way ot lessen the size of the bust. Fatty tissue will break up and be absorbed through exercising, and to that extent exercise of all the muscles of the upper part of the body will contribute toward reducing the size of the bust. There is nothing else that is proper to do to effect a reduction, and the best thing after all, if the bust appears to be too large, is to dress so it is less noticeable. One of the suggestions on this is to wear a brassiere dropped a trifle lower than usual as this flattens the curved line over the bust and makes it appear to be several inches less.

Mrs. K. R.—Equal parts of glycerine, camphor and rose water will make a lotion that will keep your hands soft and white oer these cold weeks. Protect your hands with gloves as much as possible while doing the housework that grimes the skin and makes the nails brittle.

New Orleans Spots Steady.

NEW ORLEANS, March 22.—(AP)—Spot cotton closed steady and unchanged. Sales 403; low middling 1.38; middling 12.03; god middling 12.48; receipts 1,667; stock 705,693.

Chicago Cotton Futures.

CHICAGO, March 22.—(AP)—otton futures closed: March 11.92 nominal; May 12.00; July 12.08.

Liverpool Cotton Lower.

LIVERPOOL, March 22.—(AP)—Cotton, 10,000 bales including 18,400 American. Spot small business done; prices eleven points lower; quotations in pence: American strict good middling 7.03; good middling 6.73; strict middling 6.58; middling 6.43; strict low middling 6.28; low middling 6.03; strict good ordinary 5.83; good ordinary 5.53. Futures closed quiet. March 6.12; May 6.10; July 6.07; Oct. 6.05; Dec. 6.06; Jan. 6.06.

New York Cotton Easy.

NEW YORK, March 22.—(AP)—Cotton opened easy, 6 to 11 lower in response to easier cables and under liquidation and foreign selling. March 11.84; May 11.86; July 11.96; Oct. 12.08; Dec. 12.17; Jan. 12.22.

The labor situation still received considrable attention. Liverpool and the continent were sellers here and the market was more active under this pressurt. The decline carried May off from 11.86 to 10.84 and October from 12.10 to 12.06, or a few points below Monday's lows. Scale down trade buying orders were uncovered but offerings continued liberal and the market at the end of the first half hour was ruling about 7 to 11 points net lower.

Pressure tapered off somewhat after the market had sold off to net losses of 8 to 12 points, with the undertone steadier on trade price fixing and covering. A slight rally in the stock market in conjunction with the Washington advices that the president would adopt forceful tactics in bringing about a solution of the automobile labor dispute, brought in a little more buying to cotton. May recovered from 11.84 to 11.92 and Octobtr from 12.05 to 12.16 with the general list unchanged to 3 points higher at around midday.

Futures closed barely steady, 1-8 lower. Spot steady; middling 12.15.

New Orleans Cotton Active.

NEW ORLEANS, March 22.—(AP)—Cotton opened active but easier today with Liverpool cables much lower than due and considerable overnight selling orders in evidence, some of them foreign sources. First trades here were 6 to 8 points down and the market declined slightly furthr after the call, May trading at 11.84, July at 11.96 and October at 12.07, or 7 to 9 points under yesterday's close.

Near the end of te firsth half hour, prices recovered 8 points on covering.

Apprehension over the national strike situation was a disturbing influence.

The market had fair trading during the morning as prices fluctuated rather uncertainly. Owing to early easiness in stocks and long liquidation, prices were reactionary in the second hour at 11.83 for May, 11.94 for July and 12.05 for October, or 9 to 11 points below yesterday's close. Later the market rallied 11 to 12 points with stocks, helped by trade buying. May advanced to 11.96, July to 12.06 and Octobtr to 12.16, at these levels being net unchanged to three points above yesterday's close.

Near noon, pricts lost 3 points of the recovery on realizing.

N. O. Cottonseed Oil Steady.

NEW ORLEANS, March 22.—(AP)—Cottonseed oil closed steady. Prime summer yellow 4.60-4.75; prime crude 4.00-4.37 1-2. March 4.68; April 4.70; May 4.76; July 4.98; Sept. 5.20; Oct. 5.28; Dec. 5.44.

New York Cottonseed Oil Firm.

NEW YORK, March 22.—(AP)—Bleachable cottonseed oil futures closed firm; spot unquoted; March 5.07b; April 5.05b; May 5.24b; June 5.35b; July 5.48b; Aug. 5.50b; Sept. 5.70b. Sales 43 contracts.

Grains Turn Upward.

CHICAGO, March 22.—(AP)—Late upturns lifted wheat values today to above yesterday's finish, but top quotations were not well maintained.

Reports indicating widespread need of soaking rainfalls in spring wheat territory both north and south of the Canadian boundary were a bullish factor. Much notice was also taken of Washington announcement that the senate finance committee had adopted an agriculture department recommndation to reduce from 5 cents to 1 cent per $100 value the tax on commodity exchange transfers of produce.

Wheat closed unsettled, at the same as yesterday's finish to 1-4 cent hgiher, May 87 1-4 3-8, corn 1-8 orf to 1-4 up, oats unchanged to 1-8 advance, and provisions unchanged to 10 cents decline.

TAXI STRIKE

(Continued From Page One.)

The demonstrators broke into groups and continued attacking cabs. One group marched to Grand Central terminal and caused drivers of about twenty cabs parked outside to flee into the station for safety. Police were called to escort them home.

Four policemen reported being attacked by demonstrators. Two required medical attention.

Four persons were injured when they were knocked down by two taxis driven on the sidewalk when the chauffeurs attempted to avoid a group of marchers in Seventh Avenue and 135th street.

In Brooklyn two drivers were stopped, their cabs saturated with gasoline and set afire. Another cab was overturned. Two men were arrested as they ran from the cab.

A number of marchers were routed from Park Avenue when tennants in apartment buildings along that thoroughfare doused them with buckets of water.

BANK LOOTED

(Continued From Page One.)

men worked.

Dr. H. Peek, president, discovered the attempt when he went to open the bank.

Paradise is ten miles from Bridgeport and is difficult of approach. On the out-of-the-way farm of R. G. Shannon, 3½ miles northwest of PaPradise, Harvey Bailey, one of the leaders of the Lansing, Kans., prison break almost a year ago, was caught while he slept.

Bailey was convicted of participation in the kidnaping of Charles F. Urschel, Oklahoma City oil millionaire. Shannon and his wife also were convicted. The government contended that Urschel was held captive on the Shannon farm.

HAKODATE

(Continued From Page One)

scribed as a "living hell' today.

After roading through a night of horror, the flames still crackled the ruined city and spread death and destruction into the suburbs.

A preliminary check, reported to the minister of communications, indicated that 25,000 buildings—three-fourths of the city—were burned. Hakodate's population was 213,000.

A storm which raged in the empire from Formosa to the Island of Hokkaido, was blamed for the holocaust at Hakodate, largest community in the nation north of Tokyo and ranked as Japan's tenth city.

The equinoctial gale knocked over chimneys. Roofs caught fire. Before the winds, the conflagrations quickly spread beyond hope of control.

Shocked by the catastrophe, the government ordered the seventh division of the army to the scene two destroyers were dispatched from Ominato naval port, near Aomori, and trainloads of supplies rumbled out of Asahigawa.

Additional efforts were pressed to speed relief work as suffering was intensified by sleet-laden winds. Physicians and medical supplies were rushed by special trains from many points.

Communication facilities were disrupted before the news could be flashed from the city itself. First word of the fire reached the outside world by wireless messages from ships nearby.

Increasing the terror in the city, electric plants were consumed shortly after the fire began to gain disastrous proportions. And thereafter until daylight, leaping flames formed the only illumination.

Some refugees were taken aboard ships in the harbor. Others fled into suburban communities, many only to be driven from those points as the flames advanced.

In Tokyo, records of the American consulate-general showed the only Americans living in Hakodate to be Miss Mary T. Collins of Philadelphia and Miss Alice Cheney of Minneapolis. They were teachers in a Methodist mission school for girls, but it was outside the area reported burned.

Bryan

BRYAN, March 22.—(Spl.)—Bryan's "Crimson Express" thundered into the finals of the U. I. L. playground baseball and gathering steam as they went, emerged the lone surviving undefeated team in the composite girls bracket. These "Little Red Ghosts" met and defeated all comers and played three consecutive games to go into the quarter-finals and merge the victor. These "Red Warriors" defeated Long Prairie 24-1, romped on Union High 17-5 and Currie put up a good fight before going down 8-5. Then the "Bryaneers" took Mt. Nebo into camp by the tune of 11-1 and then arose to the supreme heights by defeating Richland in a game that had every ear mark of a championship — after 7 torrid innings of baseball Bryan came out on the long end of a 6-2 count We are proud of our baseball players and they have proved their mettle by standing on the firing line and coming out victorious. Miss Geneele Adams pitched good baseball and stood up well, pitching three consecutive games. Miss Frances Gay was the outstanding "slugger" of the day and covered rerself with glory by plasting out a home run to break a 5-5 tie with Currie.

FIND AIRLINER

(Continued From Page One.)

storm raged on the days following the San Jose's disappearance, as many as 12 airliners, some supplied by the Chilean army, went into the air simultaneously in the determined search.

Pilot Robinson left a wife and two children in Chicago. Radio Operator Myers had parents, Mr. and Mrs. C. W. Myers, living in Canton, Ohio.

The plane was discovered by employes of the Puente Del Inca Hotel who advised the Pan-American Airways that the plane was wrecked and contained human bodies.

The airline immediately organized an expedition to the spot which is near the Chilean border at the base of Mount Aconcagua, 23,300 feet high and the loftiest in the Americas.

The first expedition to reach the wreck sent back word that all the bodies were well preserved under a heavy blanket of snow but that two of them were headless.

INSULL

(Continued From Page One.)

there were many theories concerning his plans.

The latest theory was that he may have transferred to a seaplane in the middle of the Mediterranean.

Mrs. Insull Takes to Bed.

ATHENS, March 22.—(AP)—Mrs. Samuel Insull, whose husband is "somewhere at sea," presumably aboard the Greek freighter, took to her bed today.

She was reported to be ill from the strain attendant upon her husband's departure from his eighteen months' haven in Greece.

Almost as many rumors circulated about her as were attendant previously upon the activities of her husband.

Attorney Pop, who represents her, said that she was greatly deprsesed over the failure of the French counsel to grant her a passport visa and that, momentarily, she had visualized suicide as the only way out but that rumors she had actually attempted to kill herself were untrue.

The French consulate now, it was learned, is awaiting instructions from the French government regarding a visa for Mrs. Insull and, if such visa should be granted, the Yugoslavian consulate is ready to grant the transit through Yugoslavia which hitherto has been denied.

THE CORSICANA DAILY SUN DAILY PATTERN

A GRACIOUS MODEL FOR THE MATRON

Pattern 1799

by Anne Adams

Put a touch of youth into your frocks with gaily printed fabrics—but be certain that you choose them with great care. For the model sketched today—styled with lines that tend toward slenderness we suggest a printed cotton of a far-apart motif on a light ground—or vice versa, if you desire. The skirt yoke slims the hips so perfectly and the collar revers and sleeves that flare so gracefully are especially flattering to the larger figure. The latter may be fashioned of contrast, too. Nice in swiss, voile, dimity, etc.

Pattern 1799 is available in sizes 34, 36, 38, 40, 42, 44 and 46. Size 36 requires 4 1-4 yards 36 inch fabric. Illustrated step-by-step sewing instructions included.

Send Fifteen Cents (15c) in coins or stamps (coins preferred) for this Anne Adams pattern. Write plainly name, address and style number. Be sure to state size.

The New Spring, 1934 Edition of the Anne Adams Pattern Book features all the best Spring styles for adults and children. Send for your copy of this interesting, helpful book and be chic this Spring. Price of Book, Fifteen Cents. Book and Pattern Together, Twenty-five Cents.

Address orders to the Daily Sun Pattern Department, 243 West 17th Street, New York City.

Cotton Spinning Industry Showing Greater Activity

WASHINGTON, March 21.—(AP)—The cotton spinning industry was reported today by the census bureau to have operated during February at 101.5 per cent of capacity on a single shift basis as compared with 98.5 per cent for January this year and 95.0 per cent for February, 1933.

Spinning spindles in place on February 28 totaled 30,992,496 of which 26,355,498 were active at some time during the month compared with 30,967,862 and 25,653,324 on January 31 and 31,088,382 and 23,659,100 on February 28 last year.

Active spindle hours for February totaled 6,692,120,318 or an average of 216 per spindle in place, compared with 6,970,394,758 and 225 for January and 6,286,441,996 and 202 in February last year.
